Mr. A. M. Manley,

Newark, N. J.,

Dear Sir:-

I am planning on you working out those Five days we talked about when you were here for the exhibition games; this Spring. I hope you will make it as late in April as possible, so the weather will be good/.

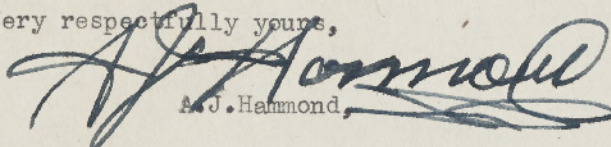

I just wrote Mr. Posey that I wanted the two Clubs to meet here as they have in the past; and I hope you will not come before the week of April 23rd.

I want you to play here as many times as you can this Summer, and I will have Clubs from down here to meet you.

The League will be here this Summer, but they have promised me all the open dates possible.

Let me hear from you,

Very respectfully yours,

  
A. J. Hammond
